Forecast For Wales
Issued by Met Office Exeter
at 1600 on Wednesday 07 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Turning cloudy with a few outbreaks of rain possible.

This Evening and Tonight:
A mostly dry evening with clear spells. Turning cold, with a patchy frost developing at first. However, cloud amounts will increase from the west overnight with some patchy light rain developing in places. Driest in the east. Minimum temperature 1 deg C (34 deg F).

Thursday:
A cloudy morning with some light rain in places. Turning brighter for the afternoon, but a few showers may develop, mostly across the north. Turning increasingly windy in the north. Maximum temperature 11 deg C (52 deg F).

Outlook for Friday to Sunday:
For Friday a band of rain moving south through the day and turning drier overnight. Wintry showers for Saturday and Sunday. Feeling cold throughout with overnight frost possible.
